

Speaker Biography

Gil U. De Leon II

Maynilad Water Services, Inc.

Gil U. De Leon II is a passionate civil engineer dedicated to transforming and future-proofing water supply and distribution systems. He earned his Bachelor of Science in Civil Engineering degree from the Technological University of the Philippines – Manila last 2019. Dedicated to advancing his expertise, he later obtained a second Bachelor of Science degree in Environmental and Sanitary Engineering from National University – Manila last 2022.

Gil began his professional career in 2020 as a project-based engineer with Maynilad's Primary Network Maintenance. His exceptional performance led to his regularization as a Water Supply Operations Engineer in 2021 and, most recently promoted as a WSO Officer last July 2024.

Gil was part of numerous Maynilad Team of the Year nominees as a member of vital maintenance works that was recognized for its response time, innovativeness and contribution to water system reliability. As a testament of his dedication and hard work towards ensuring continuous uninterrupted and reliable water service, Gil was awarded with the Distinguished Achievement Award for Supervisor Category in Maynilad's Water Supply Operations award-giving body called Sandig Awards last May 2025.
