

Speaker Profile

Mark Nicol is a senior executive with over 25 years of international experience in the water and wastewater industry, leading commercial strategy and innovation across diverse markets. Mark has worked extensively with utilities, consultants, and suppliers to address global challenges in water and wastewater network management, with a focus on the adoption of new business models and advanced technologies to address operational challenges and achieve regulatory and operational objectives.

He joined the Board of HWM Global in March 2025 as Commercial Director, where he is responsible for shaping long-term vision, delivering commercial growth, and representing the company at board-level engagements with key stakeholders, customers, and industry bodies worldwide. Mark holds a BSc in Geography, an MSc in Surface Water Modelling & Management from the University of Reading, and an Executive MBA from Henley Business School.
