

Sanjiv Indran

Business Development Manager

Sanjiv Indran is the co-founder & President of Engineers without Borders Malaysia.

During his college days in California, he acquired Associate's Degrees in Engineering, Physics and Mathematics – minoring in Astronomy. He then pursued his Bachelor's, Masters and Doctorate in Mechanical Engineering at the University of Nottingham – primarily focusing on Aerospace Structures, Heat Transfer and Computational Fluid Dynamics.

Out of the classroom, he started his career as a Mechanical Engineer at an M&E Consultancy. He now serves as the Business Development Manager of OLEOLOGY - a company dedicated to finding innovative ways to clean water.

OLEOLOGY has been on engineering oil-free water solutions serving major clients across sectors such as oil and gas, mining, marine, defence, industrial, trucking, logistics, and PFAS remediation.

He hopes to inspire and empower the next generation to help build a sustainable future for us all.
