

Speaker Profile

Tabitha Ow is an ESG and Sustainability Consultant with extensive experience leading sustainability initiatives across diverse sectors, including manufacturing, oil & gas, information technology, government ministries, and financial institutions throughout the Asia Pacific region.

Her core expertise spans sustainability reporting in alignment with global frameworks such as the TCFD, GRI, and IFRS, as well as GHG emissions assessments (Scope 1, 2, and 3), life cycle assessments, and strategic advisory on ESG integration and roadmap development.

In 2024, Tabitha joined Crowe Malaysia, where she currently holds technical leadership over all ESG and Sustainability engagements, guiding clients in building robust, future-ready sustainability strategies tailored to their industry challenges and regulatory landscapes.
